Cobber

## QUICK START GUIDE

CHARGE BEFORE FIRST USE

OPERATION

Long press the power button to turn light **on and off**.

Short press to cycle between modes.

When the LED ring around the power button lights up, the battery is low.

The LED ring glows red when charging, and glows green when the Cobber is fully charged.

MODEMAKER

Knog's ModeMaker app allows you to update the modes for Cobber bike lights. Simply download the software from knog.com.au, plug your light in, using the supplied USB-A extension cable*, then select and tailor modes from the menu.

1. Download the app from knog.com.au/modemaker
2. Plug the light in and follow on-screen prompts to register your product.
3. Follow tutorial to update your modes.

* Cable included in Mid & Big Cobber pack only.
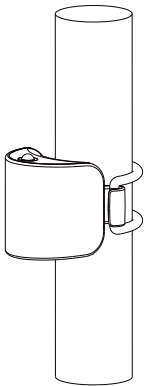

MOUNTING

1. Hook silicone strap into one side of the mount. Pull around the seat post or steerer tube and secure strap in opposite hook.
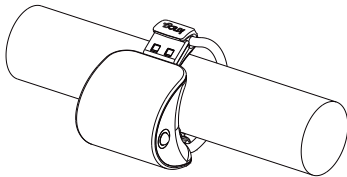

MOUNTING

2. Slide Cobber onto mount.
   Ensure that it snaps into place.

MOUNTING

3. Place on seatpost or steerer for 330˚ beam & vertical flash. patterns.

Place on handle-bars using **Eyesaver mode.**
