## OPERATION

Turn On: Long press of Button 1
Turn Off: Long press of Button 1

WHEN LIGHT IS OFF

OPERATION	BUTTON 1	BUTTON 2
Short Press	Battery Charge Status	Battery Charge Status
Long Press	Turn light on/off	-
Press & Hold both buttons	Lock/Unlock Light	

ADJUSTABLE HEADSTRAP

The silicon strap adjusts with a toggle. Once you've found your size you can set and forget or adjust on the fly.
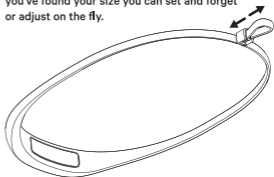

LOCK

If you accidentally press any button when the Bandicoot is locked the red light will flash twice.
To Lock/Unlock: Hold both buttons for 3 seconds. White light will flash twice to show that the Bandicoot is unlocked. Red light will flash twice to show that the Bandicoot is locked.

BOOST MODE

Double click button 1 to activate boost mode, the bandicoot will power up to maximum.

LOW BATTERY

When the battery is low the light output will drop.

MODEMAKER

The Bandicoot is compatible with the ModeMaker app to allow customisation of the light modes. Open ModeMaker, plug the USB into your computer, drag and drop the modes you want and select upload.

CARE & MAINTENANCE

To clean: wipe with cloth, don't use harsh chemicals.
Air-dry, don't sun-dry.

WARRANTY

The light is guaranteed for 2 years against manufacturing defects only.
